UCF Researcher Credit Split Form

Use this form to indicate how credit should be split between investigators and their corresponding units, for this project. The total MUST equal 100%.

If an investigator is affiliated to more than one unit, please list all applicable units and assign credit, to each.

Submit this form via Ancillary Review in HRS, to the Primary Ancillary Approver of each listed unit so that they may obtain appropriate signatures (hard copy, email or HRS ancillary) for their unit. To view the Primary Ancillary Approver for each unit please go to https://tinyurl.com/UCFAncillaryReviewers

The preference is to complete this form at proposal submission, however it is not required and will not hold up proposal submission to the sponsor.

Department names can be found here: https://tinyurl.com/UCFDepartmentProjectList

Once completed and approved by all unit senior leadership, submit this form to the Credit Split Analyst in the Office of Research (Mary Stanley), using an Ancillary Review on the applicable project record.
